Name of patient

Signature of Parent or Legal Guardian _____ Date _____

Urologic Consultants, P.C. Financial Policy

We are dedicated to providing the best possible care to your family, and we want you to completely understand our financial policies.

1. Payment is due at the time of service unless arrangements have been made in advance by your carrier. We accept Cash, Check, Visa, MasterCard and Discover.
2. Keep in mind that your insurance policy is basically a contract between you and your insurance company. As a service to you, we will file your insurance claim if you assign the benefits to the doctor; in other words, if you agree to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will have to look to you for payment. If we later receive a check from your insurance, we will refund any overpayment to you.
3. We have made prior arrangement with many insurance companies and other health plans to accept any assignment of benefits. We will bill them, but you are required to pay a co-payment and/or deductible at the time of your visit.
4. If you are insured by a plan that requires services to be authorized by your Primary Care Provider, you will be responsible for obtaining the authorization prior to your appointment. Should you request medical treatment from our practice without authorization from your Primary Care Provider, you will be responsible for payment at the time of service.
5. If you are insured by a plan that we do not have a prior arrangement with, we will prepare and send the claim for you on an unassigned basis. This means the insurer will send the payment directly to you. Therefore, our charges for your care are due at the time of service.
6. Not all insurance plans cover all services. In the event your insurance plan determines a service to be "not covered," you will be responsible for the complete charge. Payment is due upon receipt of a statement from our office.
7. We will bill your insurance company for all services provided in the hospital. You are responsible for any balance due.
8. I authorize payment of medical benefits by the insured directly to Urologic Consultants, P.C. I also request payment of government benefits directly to the party who accepts assignment.
9. I also understand, according to the State of Michigan, Department of Health, Act 488 of 1988, that if a health care professional in this practice sustains a cutaneous, mucous membrane or open wound exposure to blood or other body fluids from patient, an HIV and Hepatitis-B (BBV blood test) will be performed.
